

Requirements for Submission of PI Projects/Interventions

By June 6, 2018, pilot sites are required to submit a list with the following information through an online form on the ABFM website: <https://theabfm.mymocam.com/precepting/>.

For each performance improvement project:

- Aim (a statement that describes what will be improved, a desired goal, and a timeframe for achieving improvement)
- Description of intervention
- Method for measurement

No identifying information or actual measurement data will be requested
