Create a Domino Effect—Spread the Joy and Inspiration
Encourage and recognize others who are spreading joy and inspiration at the conference and through their work.
Don’t miss the luncheon on Sunday, May 6th to learn how you can help create a Domino Effect!

Research Committee Outreach Challenge— I ♥ Research
The STFM Research Committee is spreading the joy of scholarly work throughout this annual conference!
Research committee members will be circulating the conference to ask you about your scholarly work and to answer your research questions! If they connect with you, you’ll get a red heart sticker for your badge!
Help the committee meet their goal of seeing a sea of red hearts! When they reach this goal, watch STFM President Stephen Wilson light up the business meeting on Tuesday morning with a special musical performance!

STFM Walking Challenge
Grab your Fitbit, Garmin, Jawbone, Apple Watch, or just use your smartphone, to participate in the first STFM Walking Challenge. Partake in some friendly competition amongst your peers as you work your way up the leaderboard! Prizes will be awarded for daily top steppers and a grand prize for the overall challenge top stepper! To learn more about this fun, wellness-inspired activity or to register visit: www.hekahealth.com/stfmreg.
Competition starts Sunday, May 6, at 12:01 am and ends Tuesday, May 8 at 11:59 pm.
7:30 am–6:30 pm
Conference Registration
Room: Main Lobby Registration

Preconference Workshops
Advance registration required.

8 am–5 pm

PR1: Advanced Primary Care Orthopedics (APCO)
Room: Coolidge

PR7: Faculty for Tomorrow Workshop for Residents
Room: Thurgood Marshall North

Noon–5 pm

PR2: In Pursuit of Equity and Diversity in the Family Medicine Workforce and Leadership
Room: Hoover

PR3: Skills for Change—Addressing the Social Determinants of Health Through Relational Organizing
Room: Harding

1–5 pm

PR4: Yes, And For My Learners: Using Medical Improv to Grow Creative and Professional Physician Communicators
Room: Thurgood Marshall South

PR5: Precepting OMT 101: A Faculty Development Workshop
Room: Thurgood Marshall West

PR6: Find Your Edges, Then Fill in The Pieces!
Solving the Puzzle of Faculty Development With Tips, Tools, and Tricks of the Trade
Room: Thurgood Marshall East

Family Medicine for America’s Health Session
Saturday, May 5

5–6 pm
Meeting of the STFM Collaborative Leaders and STFM Board of Directors
Room: Lincoln 2

6–6:30 pm
Conference Orientation
Room: Lincoln 3

6:30–8 pm
STFM Annual Poetry and Prose Reading
Room: Lincoln 4
Sunday, May 6
Sunday, May 6

7 am–6:30 pm
Conference Registration and Computer Café
Room: Convention Registration (Lobby level)

7:15–8:15 am
Scholarly Topic Roundtable Presentations With Continental Breakfast (See pgs. 63-68)
Rooms: Maryland Suite & Marriott Ballroom

8:30–10 am
Greetings: Andrea Pfeifle, EdD, 2018 Chair, STFM Program Committee
STFM President’s Address: Stephen A. Wilson, MD, MPH

Opening General Session:
Allyship in Times of Adversity
Suzanne Barakat, MD, Oakland, CA
Room: Marriott Ballroom

10–10:30 am
Refreshment Break—Meet Your 2018 Conference Partners!
Room: Convention Registration (Lobby level)

10:30–11:30 am
Lecture-Discussions
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L01A: Making Cents for Maternity Care
L01B: Overcoming Barriers to Implementing Resident Training in Long Acting Reversible Contraception (LARC): Results of a Qualitative Evaluation
Room: Delaware A
**L02A:** Taking on the Pediatric Obesity Epidemic: Caregivers’ Perspectives on Implementing Group Nutrition Education in a Family Medicine Clinic

**L02B:** Healthy Nutrition Training at the Wellness Center: Promoting New Interest in Family Medicine

Room: Washington 5

**L03A:** A Multiyear Departmental Faculty Mentorship Program: Structure, Process and Outcomes

**L03B:** Good Teaching Skills Should Be Seen, Not Just Heard About! Create Effective Faculty Development Training in 4-Day Curriculum

Room: Washington 3

**L04A:** Teaching Advocacy in Residency to Address the Social Determinants of Health and Health Equity: A Longitudinal Approach to Training Community Responsive Family Physicians

**L04B:** Activism in Residency Education: Curriculum as a Tool for Change

Room: Marriott Balcony A

**L05A:** From Surviving to Thriving: Using the Wisdom of the Crowd to Identify “Life Hacks” to Improve Resident Practice Life

**L05B:** The Journey of a Family Medicine Resident Begins With One Step: Enhancing Resident Efficiency, Effectiveness and Wellness Using the Philosophy of Kaizen

Room: Roosevelt 2

**L06A:** FMAHealth Bright Spots Milestones in Practice Transformation: Laying the Foundation for a Transition to Value-Based Care

**L06B:** Shared Principles of Primary Care: A Call to Action

Room: Roosevelt 1

Family Medicine for America’s Health Session  Advocacy Session
10:30–11:30 am

**Lecture-Discussions cont.**
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L07A:** Ambulatory Quality Assurance and Peer Review: Removing the Fear  
**L07B:** Integrating Ambulatory Patient Safety Into the Family Medicine Residency Curriculum  
Room: Maryland A

**L08A:** IPE: A Longitudinal Curriculum  
**L08B:** Sharing the Load: Integration of Pharmacists into an Academic Health System’s Primary Care Environment  
Room: Washington 6

10:30–11:30 am

**Completed Research Projects**
Each presentation is 20 minutes. They are grouped by common topic and presented consecutively.

**Distinguished Papers**

**CRA1:** Development and Validation of a Questionnaire Measuring Students’ Attitudes Toward Family Medicine  
**CRA2:** Characteristics of Early-Career Family Physicians Prepared to Provide and Currently Providing Buprenorphine Treatment  
**CRA3:** The Scholarly Output of US Family Medicine Departments: A Bibliometric Analysis  
Room: Washington 1
10:30–11:30 am

**Completed Scholarly Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**CSA1:** Putting Teaching First: Establishing a Formal Teaching Routine to Promote Consistency and Resident Satisfaction on a Busy Family Medicine Inpatient Service

**CSA3:** Development and Mixed Methods Evaluation of a Resident-Initiated Peer Support Resilience Program

**CSA4:** From Reaction to Action: Implementation of a Reflective Practise Exercise in Family Medicine Residency Training/Programs

**CSD2:** Development and Implementation of a Time-Efficient Junior Faculty Development Program

Room: Washington 2

10:30–11:30 am

**Seminars**
Each presentation is 60 minutes.

**S01:** Charting the Future of the Specialty and the Profession—A Town Hall for Input Into the Strategic Plan of the American Board of Family Medicine

Room: Roosevelt 3

**S02:** “Safe Zone” in Medical Education: A Tool to Decrease Health Disparities for LGBTQ Patients

Room: Virginia C

**S03:** Anchors Away! Teaching Clinical Reasoning and Awareness of Cognitive Biases

Room: Maryland B
10:30–11:30 am

**Seminars cont.**

Each presentation is 60 minutes.

**S04:** Doc Can You Do Me a “FAVER”? The Inappropriate Patient Request-Getting to No
Room: Virginia B

**S05:** Developing Resident Advocates: An Interinstitutional Learner Needs Assessment on Physician Advocacy
Room: Marriott Balcony B

**S06:** How to Write an Op-Ed
Room: Virginia A

**S07:** Adventures in Active Teaching: Effective Teaching With Less Prep Time
Room: Delaware B

**S08:** EPAs in a Longitudinal Primary Care Clerkship
Room: Roosevelt 4

**S09:** Get Faster! A Structured Approach to Teaching Efficiency in the Clinic
Room: Roosevelt 5

**S10:** Residents as Mentors: A Novel Approach to Develop Future Family Medicine Faculty Through a Trainee Focused Longitudinal Educational Experience and Curriculum Toolkit
Room: Maryland C

11:45 am–1:15 pm

Networking Luncheon: Hold Fast to Dreams: History Reminds Us There is Much to Be Done

*AAFP President’s Greetings: Michael Munger, MD, AAFP President*

Room: Marriott Ballroom
1:15–2:15 pm
Poster Session I: Dedicated Time for Poster Presentations (See pgs. 75-85)
Room: Exhibit Hall B South

2:30–3:30 pm
Lecture-Discussions
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L09A: Teaching Home-Based Primary Care in a Community Family Medicine Residency
L09B: So, You Want to Make House Calls? Lessons From Creating the First Home-Based Primary Care Curriculum
Room: Delaware A

L10A: Using Geospatial Data to Teach Social Determinants of Health
L10B: Texas UnMedicaided: A Film on Medicaid Expansion and Its Implications
Room: Virginia B

L11A: Clinic Patient Relations Committee: CPR for Leadership, Engagement, and Wellness
L11B: Osteopathic to the Core: Using OMT to Satisfy ACGME & CLER Requirements and Create a Family Medicine Wellness Program
Room: Maryland C

L12A: Transforming Feedback: A Real-Time Approach for Third-Year Medical Students
L12B: Burnout Among Medical Students: What Medical Schools Can Do
Room: Maryland B
2:30–3:30 pm

**Lecture-Discussions cont.**
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L13A:** Expanding Family Medicine Obstetric Curriculum: Interdisciplinary Efforts to Meet the Biopsychosocial Needs of Prenatal Patients
**L13B:** Incorporating Teaching of Maternity Care in Family Medicine Through Computerized Simulation Models
Room: Roosevelt 2

**L14A:** Family Medicine for America’s Health: What Does Comprehensive Payment and Comprehensive Practice “Look Like”?
**L14B:** Transform Practice and Reinvigorate the Workforce: The Value of Comprehensive Payment
Room: Delaware B

**L15A:** Residents’ Perspectives on Careers in Academic Medicine: Obstacles and Opportunities
**L15B:** Who Will Teach the Next Generation? Effects of a National Workshop on Resident Readiness for Careers in Academic Medicine
Room: Roosevelt 1
2:30–3:30 pm

Completed Research Projects
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

Women’s Health
CRB1: Integrating Osteopathic Manipulative Treatment Into Routine Prenatal Care at an Urban Family Medicine Residency
CRB2: Are Recent Family Medicine Graduates Who Want to Practice OB Doing So?
CRB3: Resident Perception of Obstetrical Training in Family Medicine Residencies
CRB4: An Antimicrobial Stewardship Intervention for Acute Cystitis Management in Family Medicine: A Mixed-Methods Study
Room: Washington 1

Infectious Disease/Substance Abuse
CRC1: Treatment of Male UTI in an Outpatient Setting
CRC2: Antibiotic Prescribing for Uncomplicated Acute Bronchitis in Primary Care
CRC3: A Novel Multimodal Intervention for In-Office Use by Family Physicians to Reduce Substance Misuse and Comorbid Suicidality, Depression, and/or Anxiety in Youth
CRC4: Tackling the Opioid Crisis: Evaluation of Chronic Opioid E-Prescribing Within an Academic Residency Clinic
Room: Washington 2
2:30–3:30 pm

**Panel Discussion**
Presentation is 60 minutes.

**PD1:** Get a Job: Transitioning Residents With HIV Skills Into Practice
Room: Roosevelt 4

2:30–3:30 pm

**Seminars**
Each presentation is 60 minutes.

**S11:** Change Management Extreme: Leadership During Natural Disasters
Room: Delaware A

**S12:** Can You Flip a Virtual Classroom: Experiences in Faculty Development
Room: Marriott Balcony A

**S13:** Effective Use of GoogleForms as an Interactive Teaching Tool for Medical Students
Room: Virginia A

**S14:** A Better Corrective Action Plan: A Remediation Toolkit for Achieving Change Through Specific, Concrete Activities
Room: Marriott Balcony B

**S15:** Cancer Screening Pitfalls Mitigated by Shared Decision-Making: Helping Residents Understand and Communicate Difficult Concepts
Room: Washington 6

**S16:** Finding Meaning in the Madness: Making Work-Life Balance Work
Room: Maryland A
S17: Reframing the Lecture vs Active Learning Debate: An Evidence-Based Approach  
Room: Roosevelt 3

S18: The System, the Resident, and the Preceptor: A Curricular Approach to Learning About Continuity of Care  
Room: Roosevelt 5

S19: Creating EPAs Using the Primary Care Exception Rule  
Room: Virginia C

S20: Medical Student Perspectives: What Will Move the Needle on Primary Care Specialty Choice Through the Eyes of Students in an Accelerated Track  
Room: Washington 3

3:30–4 pm  
Refreshment Break—Visit With Conference Partners and Poster Presenters  
Room: Convention Registration (Lobby level) & Exhibit Hall B South

4–5 pm  
Lecture-Discussions  
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L16A: Tips, Benefits, and Challenges of Incorporating a Patient Advisory Council Into Your Curriculum: Reflections and Lessons Learned From Two Residencies  
L16B: Patient Wellness Initiatives at a Large FQHC Network in Washington DC  
Room: Roosevelt 5
4–5 pm

**Lecture-Discussions cont.**
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L17A:** Community Medicine Week: Teaching Population Health Approaches to Medical Students During Family Medicine Clerkship

**L17B:** Accountable Care Is Better Care: Improving Population Health at an Academic Family Medicine Practice

**Room:** Maryland A

**L18A:** Let’s Get Back Together: Educational Regrouping Weeks for Resident Cohorts

**L18B:** No More Blocks: 4-year Experience With a Fully Longitudinal Curriculum

**Room:** Maryland B

**L19A:** Starting and Sustaining a Successful Longitudinal Integrated Curriculum (LIC): Modeling Family Medicine as an Educational Hub for Third-Year Medical Students

**L19B:** Inspiring Students to Pursue Primary Care: Establishing a Continuum of Care and Knowledge

**Room:** Maryland C

**L20A:** Assisting Birth/Assisting Death: Navigating End-of-Life Conversations in the Era of Medical Aid-In-Dying

**L20B:** Geriatric Simulation Suits as a Learning Tool to Promote Empathy Toward Older Adults

**Room:** Washington 6
4–5 pm

**Completed Research Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**Medical Student Education**

**CRD1:** Experiences of “First in Family” Medical Students in Canada

**CRD2:** US Medical Students Who Attended Community College During High School Are More Likely to Train in Family Medicine

**CRD3:** Palliative Care Education in the Family Medicine Clerkship and Future Directions: A CERA Study

**CRD4:** The Feasibility and Acceptability of Using Virtual World Technology for Interprofessional Education

Room: Washington 1

4–5 pm

**Seminars**
Each presentation is 60 minutes.

**S21:** Twenty Years of the UC Davis Family Medicine/Obstetrics Program: An Innovative, Collaborative Training Model to Improve the Rural Obstetrical Workforce—It Can Work at Your Institution Too!
Room: Marriott Balcony A

**S22:** How to Practice and Teach High Value Care
Room: Delaware B

**S23:** Obesity Bias: Impact and Mitigation Strategies for Family Medicine
Room: Roosevelt 2

**S24:** CPR: Resuscitate Your Presentation
Room: Virginia A
Sunday, May 6

4–5 pm

**Seminars cont.**
Each presentation is 60 minutes.

**S25:** The Bronx Community Health Leaders (BxCHL): A Pipeline Program to Increase Diversity in Primary Care Workforce
Room: Virginia B

**S26:** Curriculum Design and Development: A Behavioral Science and Family Systems Focus
Room: Virginia C

**S27:** Using Technology for Faculty Development for Community-Based Preceptors: A CERA Study
Room: Washington 5

**S28:** Motivating the Apathetic Team: Barriers to Progress and Proposed Solutions
Room: Roosevelt 3

4–5:30 pm

**Workshops**
Each presentation is 90-minutes.

**W01:** FamPop 2018: Moving Toward Better Integration of Primary Care and Public Health
Room: Roosevelt 1

**W02:** Sweet Mindfulness: A Chocolate Tasting
(Advance registration required)
Room: Delaware A

**W03:** Learn Advocacy Skills Today and Practice What You Learn on Capitol Hill Tomorrow
(Advance registration required)
Room: Washington 2
W06: A Toolkit for New Faculty in Family Medicine: Faculty Development Skills for Seeking Mentorship, Coaching, Self-Evaluation, Scholarly Activity, Wellness, and Resilience
Room: Washington 3

W14: Racial Identity Caucusing: A Powerful Tool to Address Inequity That’s Not as Scary as You Think
Room: Roosevelt 4

5:30–6:30 pm
Reception With STFM Open House
Room: Exhibit Hall A Foyer

7 pm
STFM Bar Trivia
The Lucky Bar
1221 Connecticut Avenue NW
For more information check your mobile app.
Monday, May 7
7 am–5:30 pm
Conference Registration and Computer Café
Room: Convention Registration (Lobby level)

7:15–8:15 am
STFM Collaboratives’ and Special Project Teams Networking and Common Interest Discussions With Continental Breakfast
Rooms: Maryland Suite and Marriott Ballroom
(See pg. 59)

7:15–8:15 am
STFM Fellowship Alumni Breakfast (No additional fee, advance registration required)
Room: Thurgood Marshall West

8:30–10 am
STFM Awards Program
Come join us as we celebrate innovation, inspiration, and achievement in family medicine education. Be ready to groove to some music, learn about some innovative programs, and hear some fascinating stories about the career paths of several leaders in our specialty.
Room: Marriott Ballroom

10–11 am
Refreshment Break; Poster Session II: Dedicated Time for Poster Presentations
Room: Exhibit Hall B South (See pgs. 85-95)
Monday, May 7

11:15 am–12:15 pm

**Lecture-Discussions**

Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L21A:** On the Same Wavelength: Assessing a Cross-Cultural POCUS Workshop in Kenya

**L21B:** Cuban Medical Education and American Medical Students: A Workforce That America Needs
Room: Madison A

**L22A:** In the Room Where It Happens: Talking to Politicians and Defining Your Ask

**L22B:** A Collaborative Multiresidency Activism and Advocacy Curriculum to Promote Social Justice and Health Equity
Room: Lincoln 2

**L23A:** How To Implement Group-Based Treatment for Opioid Use Disorder With Buprenorphine/Naloxone: An Implementation Case Series

**L23B:** Implementation of Naltrexone (Vivitrol) Into a Residency Practice
Room: Delaware A

**L24A:** Creating Breastfeeding Champions: A Longitudinal Breastfeeding Curriculum for Family Medicine

**L24B:** Teaching Adaptive (and Technical) Leadership to Family Medicine Residents (and Faculty): An R3 Longitudinal, Integrated Curriculum
Room: Maryland A

**L25A:** How Do Medical Students Want to Learn: Preferences for an Interprofessional Education

**L25B:** Impact of the New MDelta Curricula on Health Professional Students’ Attitudes Toward Interprofessional Education
Room: Delaware B

Advocacy Session
**L26A:** Awkward! Recognizing and Providing Effective Feedback on Unprofessional Behavior  
**L26B:** The Effect on Resident Evaluation and Feedback After Implementation of the Family Medicine Clinical Competency Milestones: A CERA Survey  
**Room:** Marriott Balcony A

**L27A:** Behavioral Health Meets the Milestones: Milestones or Stepping Stones  
**L27B:** Towards Better Integration: Psych E-Consult  
**Room:** Marriott Balcony C

**L28A:** Residency-Based Approach to Opioid Epidemic  
**L28B:** A Family Medicine Residency’s Response to the Opiate Crisis: Present and Future Solutions  
**Room:** Thurgood Marshall West

**L72A:** STFM Innovative Program Award Winner: American Family Physician Podcast, A Conversation  
**L72B:** Transform Health: Advocacy for LGBTQ Health at an Academic Health Center  
**Room:** Thurgood Marshall North

**11:15 am–12:15 pm**

**Completed Research Projects**  
Each presentation is 30-minutes.

**Curtis Hames Award/Best Research Paper Award Presentations**

**CRO1:** Curtis Hames Award: Practice Transformation to Implement Advanced Primary Care and Payment Models: What Have We Learned and Where Are We Heading?  
**CRO2:** Best Research Paper: US Medical Schools’ Compliance With the Americans With Disabilities Act: Findings From a National Study  
**Room:** Lincoln 5
Monday, May 7

11:15 am–12:15 pm

**Completed Scholarly Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**CSB1:** Increasing Exposure to Primary Care Obstetrics on the Family Medicine Clerkship Using a Novel Didactic Structure

**CSB2:** A Pregnancy Options Counseling OSCE in the Family Medicine Clerkship: Educating Students and Exploring Barriers to Screening for Reproductive Coercion and Intimate Partner Violence

**CSB3:** Innovative Training Course to Increase Primary Care Providers’ Self Efficacy in Performing Advanced Obstetrical Care Activities

**CSB4:** Effectiveness of Teaching Advanced Life Support of Obstetrics (ALSO) in Serbia

Room: Lincoln 6

11:15 am–12:15 pm

**Seminars**
Each presentation is 60 minutes.

**S30:** Preparing Physicians to Practice Integrated Behavioral Health: A Competency-Based Curriculum

Room: Virginia A

**S31:** Changing the Face of Family Medicine: The Essentials of Pathway Mentoring

Room: Thurgood Marshall East

**S32:** Getting More Seats at the Table: Increasing Advocacy Skills of Medical Students and Family Medicine Residents

Room: Maryland B

Advocacy Session
S33: Reviewing Articles for Scholarly Journals
Room: Thurgood Marshall South

S34: Creating a Human Trafficking Victim Medical Home With Family Medicine Education: A Synergistic Dynamic of Care
Room: Lincoln 3

S35: Learning From Others’ Mistakes: Effectively Teaching ABFM Professionalism Guidelines
Room: Lincoln 4

S36: How to Thrive in Residency by Living a Value-Filled Life
Room: Maryland C

Room: Virginia B

S38: Transgender Health: A Practical Guide
Room: Virginia C

S89: Addressing the Preceptor Crisis: Implementation of the Preceptor Expansion Action Plan and How You Can Help
Room: Madison B

12:15–1:30 pm
Boxed Lunch; Visit With Conference Partners
Room: Marriott Ballroom and Convention Registration (Lobby level)

12:30–1:30 pm
Open STFM Collaborative and Special Project Team Meetings (See pgs. 60-61)
1:45–2:45 pm

**Lecture-Discussions**
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L29A:** Equitable Clinical Decision Making: Creating a Needs Assessment to Design an Implicit Bias Curriculum
**L29B:** Lecture-Discussion Learning Communities in Medical Education: Gryffindor Meets Watson
Room: Maryland A

**L30A:** The Jefferson Accelerating Primary Care Transformation (JeffAPCT) Initiative: Acceleration of QI and Population Health Education Across a Spectrum of Interprofessional Learners and Clinical Settings
**L30B:** Transformation of Care: I’ve Been Hearing That a Lot Lately
Room: Lincoln 3

**L31A:** Preventing Alcohol Exposed Pregnancies: Overview and Application of a National Model
**L31B:** Evidence-Based Substance Use Disorder Treatment for High-Risk Women
Room: Maryland C

**L32A:** Coping With Chronic Pain: A Comprehensive Group Visit Approach
**L32B:** Interdisciplinary Group Visits for Chronic Pain
Room: Delaware A

**L33A:** Weaving the Tapestry With Quality: Achieving Resident Scholarly Activity, Maintenance of Certification, and Milestones With a Quality Improvement Curriculum
**L33B:** Using the “Wonder Years” of Residency to Imprint a Lifetime of Quality Improvement
Room: Marriott Balcony B
**L34A:** Increasing Interest in Family Medicine Through Innovative Student Curriculum and Promotion of Shared Work Among All Levels of Medical Learners

**L34B:** Teaching Primary Care for Immigrant Patients to Medical Students: A Combination of Clinical Experiences and Independent Study

Room: Marriott Balcony A

**L35A:** (STIfLBP) Shifting Treatment Interventions for Lowering Blood Pressure

**L35B:** Using Best Practices for Adolescent Vaccinations to Teach PCMH Concepts and Improve Care

Room: Delaware B

### 1:45–2:45 pm

**Completed Research Projects**

Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**Faculty Leadership, Identity, and Innovation**

**CRF1:** Minority Women Physician Leaders in Academic Medicine: A Qualitative Study

**CRF2:** Professional Identity, Job Satisfaction and Commitment of Nonphysician Faculty in Academic Family Medicine

**CRF3:** How Family Medicine Research Bright Spots Transform Ideas Into New Knowledge

**CRF4:** Almost Half of Family Medicine Residency Program Directors Report Use of Telehealth Services

Room: Lincoln 5
1:45–2:45 pm

**Completed Research Projects cont.**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**Practice Improvement**

**CRG1:** Student Effect on Preceptor Productivity in the Outpatient Setting

**CRG2:** The Billing of Resident and Attending Physicians in Family Medicine: Impacts of Gender

**CRG3:** Pilot Study: Resident-Run Transition of Care Clinic to Improve Readmission Rates

**CRG4:** Primary Care Physicians’ Adherence to Diabetes Screening Guidelines

**Room:** Lincoln 6

1:45–2:45 pm

**Panel Discussion**
Presentation is 60 minutes.

**PD2:** Supporting the Gender-Expansive Resident

**Room:** Virginia B

1:45–2:45 pm

**Seminars**
Each presentation is 60 minutes.

**S39:** Coach Me, Please! Using Faculty Peer Observation to Improve Outpatient Teaching

**Room:** Lincoln 4

**S40:** Part-Time Faculty in Family Medicine: Trends, Challenges, and Strategies for Success

**Room:** Virginia C

**S41:** Practice-Based Research Networks as a Resource for Increasing Engagement of Residents in Research

**Room:** Thurgood Marshall East
S42: Bridging the Gap: Examining the Implications of Implementing Universal Developmental Milestones for Faculty
Room: Lincoln 2

S43: Practice Management: A Timeline for Success
Room: Thurgood Marshall South

S44: Turning Away vs Toward: Exploring Medical Education’s Avoidance of Patient and Provider Suffering
Room: Thurgood Marshall North

S45: Resident-Centered and Experiential Wellness Curriculum
Room: Maryland B

S46: Health Equity Action Team in Family Medicine Residency
Room: Virginia A

S47: The Institutional Review Board (IRB): Everything You Wanted to Know But Were Afraid to Ask
Room: Thurgood Marshall West

S48: You Can Make a Difference: How to Advocate for Your Pediatric Patients
Room: Virginia B

S65: [Systems]: A Family Medicine Curriculum to Teach the Role of Complexity Science in Health Care
Room: Madison B

S77: Successfully Mentoring Medical Students and Residents With Physical and/or Sensory Disabilities
Room: Park Tower 8228

Advocacy Session
2:45–3 pm
Transition Break (no refreshments)

3–4 pm

Lecture-Discussions
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L36A: Blending Curricula: Behaviorist and Pharmacist Collaborate as Educators for a Medical Residency
L36B: Addressing the Mental Health Gap: Creating a Family Medicine and Psychiatry Collaborative Care Model
Room: Maryland C

L37A: Preserving Clinical Teaching in an EMR Era
L37B: Are Resident Evaluations of Attending Physicians Using an Audience Response System (ARS) as an Effective Teacher Assessment Tool?
Room: Marriott Balcony B

L38A: Global Health at Home: Integrating Residents Into the Care of Special Populations
L38B: Creating an LGBT Patient-Centered Medical Home: Beginnings, Challenges, and Beyond
Room: Maryland B

L39A: Residency Diversity 2.0
L39B: Matching Our Mission: Innovations to Increase URM Resident Recruitment
Room: Lincoln 4

L40A: Health Literacy Education: Results From a Health Literacy Intervention and Lessons Learned
L40B: Si Tu Puedes: Making the Educational and Financial Argument for Teaching Spanish in Residency
Room: Virginia A
L41A: Walk a Mile in Your Patient’s Shoes: Creating a Social Determinants of Health Field Experience for Interns
L41B: SPHERE: A Systematic Approach to Promoting Health Care Equity Through Resident Education
Room: Lincoln 2

L42A: The International Family Medicine Clinic at the University of Virginia: A Model of Interprofessional Refugee Health Care and Education
L42B: Medical Evaluation of Asylum Seekers: Lessons From Two University-Based Models
Room: Madison A

L43A: Orienting Family Medicine Residents to Refugee/Asylee Health Care
L43B: Curriculum Development for Prenatal Refugee Patients Within a Family Medicine Residency
Room: Madison B

L44A: Integrated Professional Education at Community Health Centers: Training Medical and Dental Professional Students for Collaborative Care
L44B: Train Together and Remain Together: Interprofessional Training Opportunities in Family Medicine Residency Increases Dedication to Professional Collaboration
Room: Maryland A

L45A: The Designated Wellness Resident: A Novel Approach to Monitoring and Maintaining Resident and Faculty Wellness
L45B: Partners in Health: Primary Care Physicians and Medical Scribes Through the Lens of the Quadruple Aim
Room: Thurgood Marshall East
3–4 pm

Lecture-Discussions cont.
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L46A: Literature in Medicine: An Innovative Curriculum to Teach and Track Milestones of Resident Professional Development
L46B: Teaching Humanism to the Millennial Medical Student: An Alternative and Interdisciplinary Approach
Room: Lincoln 3

3–4 pm

Completed Research Project
This presentation is 60 minutes.

CRH1: Shark Tank for Family Medicine: Real-Time Feedback for Primary Care Research Ideas
Room: Lincoln 5

3–4 pm

Panel Discussion
This presentation is 60 minutes.

PD3: Pediatric Care in Family Medicine Training and Practice
Room: Lincoln 6

3–4 pm

Seminars
Each presentation is 60 minutes.

S49: Byte-Sized Learning: Utilizing Medical Podcasts to Enhance Residency Curriculum
Room: Virginia C
S50: Providing Quality Medical Care to a Modern Deaf Community
Room: Thurgood Marshall South

S51: Whaddaya Mean, There’s No Room in the Curriculum for Palliative Care?
Room: Marriott Balcony A

S52: Apps to Support Medical Decision-Making and Patient Care
Room: Virginia B

S53: Building a POCUS (Point of Care Ultrasound) Program in a Family Medicine Residency Program: Experience From Three Institutions.
Room: Thurgood Marshall West

S54: The Habits of Highly Effective Posters
Room: Delaware B

S55: Primary Care Leadership Collaborative: FMIGs Taking Action to Advance Primary Care
Room: Thurgood Marshall North

S56: STFM Residency Accreditation Toolkit Support Lab
Room: Lincoln 6

4–4:30 pm
Refreshment Break—Visit With Poster Presenters and Conference Partners

Learn More About STFM Products & Services (STFM Exhibit) Topics: Residency Faculty Fundamentals, CERA, Preceptor Expansion Project, and Residency Curriculum Resource
Room: Exhibit Hall B South and Convention Registration

Family Medicine for America’s Health Session
Monday, May 7

4:30–5:30 pm

Greetings: Deborah Taylor, PhD, STFM Foundation President

General Session:
Developing the Moral Obligations of Citizenship
Stephen Black, Center for Ethics & Social Responsibility, University of Alabama
Room: Marriott Ballroom

5:45-6:45 pm

Optional Event: Moving From Burnout to Wellness: Understanding the Problem and Identifying Solutions

Robert Graham Center for Policy Studies
1133 Connecticut Ave NW, Washington, DC 20036
Cocktail reception to follow.
For more information check your mobile app.
RSVP to: policy@aafp.org
Tuesday, May 8
Tuesday, May 8

**6:15 am**
STFM Foundation Marathonaki Fun Run/Walk  
Room: Convention Registration (Lobby level) (See pg. 109)

**7 am–5 pm**
Conference Registration and Computer Café  
Room: Convention Registration (Lobby level)

**7:15–8:15 am**
Scholarly Topic Roundtable Presentations With Continental Breakfast (See pgs. 68-73)  
Rooms: Maryland Suite and Marriott Ballroom

**8:30–10 am**
STFM Annual Business Meeting:  
*Stephen Wilson, MD, MPH, STFM President*

**General Session:** Should Family Medicine Educators Be Expected to Do Research? Point-Counterpoint Debate  
*Jeffrey Borkan, MD, PhD,*  
*Brown Medical School*  
*David Schneider, MD, MSPH, University of Texas Southwestern Medical Center at Dallas*  
Room: Marriott Ballroom

**10–11 am**
Refreshment Break; Poster Session III: Dedicated Time for Poster Presentations  
Room: Exhibit Hall B South (See pgs. 96-106)
11:15 am–12:15 pm  
**Lecture-Discussions**  
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L47A:** Developing and Implementing Guidelines for PCPs Monitoring Chronically Infected HCV Patients  
**L47B:** PrEP in Primary Care: Training the Family Medicine Workforce in HIV Prevention  
**Room:** Maryland B

**L48A:** What in the World Is a Chautauqua? How an Academic FMR Redesigned Intern Year to Improve Confidence, Competence, and Comaraderie  
**L48B:** Greatest Hits and Misses: The Evolution of the PGY-1 Ambulatory Skills Month  
**Room:** Virginia A

**L49A:** Do It Early, Make It Exciting, and Leave an Impact: Engaging Family Medicine Residents in Reproductive Health Advocacy  
**L49B:** Clustering Around a Common Cause: Using the Reproductive Health Access Project Nationwide Networks to Enhance Resident and New Graduate Engagement in Advocacy  
**Room:** Maryland C

**L50A:** Building Resilience: A Comprehensive Approach to Preventing Physician Burnout  
**L50B:** Teaching Primary Care Provider Wellness in Postgraduate Education Fellowship  
**Room:** Thurgood Marshall West

Advocacy Session
11:15 am–12:15 pm

**Lecture-Discussions**
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L51A:** Creating and Evaluating a Strategy to Develop Staff and Faculty Competency in Advanced Primary Care at FM Teaching Practices  
**L51B:** How to Create a PCMH Curriculum: Results From the Colorado PCMH Project  
**Room:** Lincoln 2  
(This session will be presented from 11:15–11:45 am.)

**L52A:** Primary Care Ultrasound: Lessons Learned in 10 Years of Ultrasound Training in a Rural Residency  
**Room:** Thurgood Marshall North

**L53A:** Residents as Second Victims: A Curricular Approach for an Age-Old Issue  
**L53B:** Working Through a Crisis: How to Address Self-Care in a Family Medicine Department Post-Trauma  
**Room:** Maryland A

**L54A:** Consolidating Family Medicine Clinic on Inpatient Rotations to Decrease Resident Stress and Improve Patient Continuity  
**L54B:** The Mini-Block Model: Implementation and Evaluation of a “Clinic First” Residency Curriculum  
**Room:** Delaware B  
(This session will be presented from 11:45 am–12:15 pm.)

**L59B:** Creating and Implementing a Clinician Educator Area of Concentration  
**Room:** Marriott Balcony A
11:15 am–12:15 pm

**Completed Research Project**
This presentation is 60 minutes.

**CRI1:** I’m Not a Researcher, Why Should I Do Research: How Participation in Research Makes Me a Better Family Medicine Educator
Room: Lincoln 5

11:15 am–12:15 pm

**Seminars**
Each presentation is 60 minutes.

**S57:** Who Me, Teach Family Skills? A Pecha Kucha Panel on Teaching Family Systems Concepts to Family Medicine Trainees
Room: Virginia B

**S58:** Clinical Competency Committee: From Chaos to Success!
Room: Lincoln 3

**S59:** Entrustable Professional Activities (EPAs): What Are They and How Can I Use Them as an Assessment Framework in My Residency?
Room: Marriott Balcony B

**S60:** Mentorship: Creating a Culture of Inclusivity
Room: Lincoln 4

**S61:** Exploring and Enhancing the Benefits of Early Abortion Training in Family Medicine Residency Programs
Room: Virginia C

**S62:** Academic “Escape Room”: An Innovative Active Learning Methodology
Room: Delaware A

Family Medicine for America’s Health Session
11:15 am–12:15 pm

**Seminars**

Each presentation is 60 minutes.

**S63**: A Competency and Case-Based Approach to Leadership Succession in Departments of Family Medicine: Implications for Embracing Inclusion and Diversity  
Room: Thurgood Marshall East

**S64**: Integrated Training for Population Health and Prevention in Medical Education  
Room: Thurgood Marshall South

**S71**: The National HIV Curriculum: A New Standard in HIV Education  
Room: Madison A

11:15 am–12:30 pm

**Completed Scholarly Projects**

Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**CSC1**: Preparing the Future Geriatric Primary Care Workforce: An Online Interprofessional Education and Collaborative Practice Program

**CSC2**: Screening for Food Insecurity in a Primary Care Residency Clinic: Why do This?

**CSC3**: Hands-on! Musculoskeletal Curriculum Changes Based on the AAFP Recommended Curriculum Guideline for Family Medicine Residents

**CSC4**: 10-Year Outcomes of Rural PRIME: A Medical Student Rural Track in California

**CSA2**: Training Patient Satisfaction Techniques to Family Medicine Residents: An Interactive Workshop

Room: Lincoln 6
12:15–1:45 pm
Lunch On Own

12:30–1:30 pm
Optional STFM Collaborative and Special Project Team Meetings (See pg. 61)

1:45–2:45 pm
Lecture-Discussions
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

(This session will be presented from 1:45-2:15 pm.)
**L52B:** Teaching the Teachers: Implementing a Point of Care Ultrasound Training Curriculum for Inpatient Family Medicine Faculty
Room: Madison A

**L55A:** Evaluating Trends in the Family Medicine Workforce
**L55B:** Primary Care Tracks in Medical Schools: A CERA Survey
Room: Thurgood Marshall South

**L56A:** Game On: Solving the Puzzle of Resident Education Using Continuity Panels
**L56B:** A Simple Tool for Weighting Patient Panels Based on Primary Care Workload Estimates
Room: Delaware B

**L57A:** How to Make a Medical iPhone App
**L57B:** Digital Tools to Empower Clinicians and Learners in Interprofessional Geriatrics: Creating a Dementia Care Mobile App
Room: Maryland A
1:45–2:45 pm

Lecture-Discussions cont.
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L58A: Strategies for Implementing an Ethics Curriculum in Family Medicine Departments
L58B: Ethics Rounds on the Inpatient Service: Resident Driven, Case Based, Virtue Focused
Room: Delaware A

L59A: Although Tired and Accustomed to Presenting Directly From UpToDate, Residents Can Learn to Give Interactive Lectures
L70B: Refining Controlled Chaos: Improving a Simulation-Based Medical Teaching Curriculum Through Specific Evaluation Strategies
Room: Marriott Balcony A

L60A: Maximizing the Experience of Residents on Both Ends of the Bell Curve
L60B: Expanding the Support of Struggling Learners: Structured Peer Mentorship
Room: Lincoln 3

L61A: Integrating Learners in a Novel Medication Assisted Treatment (MAT) Model
L61B: Back to Home Base: Transitioning Medication Assisted Treatment Back to the PCP
Room: Lincoln 4
1:45–2:45 pm

**Completed Research Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**Health Disparity**

**CRJ1:** Population Management at a Clinic for Individuals Affected by Homelessness: Taking Steps Towards Collaborative Care

**CRJ2:** Identifying Facilitators and Barriers to Colposcopy Adherence Among Diverse Patient Populations

**CRJ3:** Trends in Cardiovascular Disease Risk in the United States, 1999-2014: Implications for Health Disparities

**CRJ4:** Communities of Practice and Underserved Pathways

**Room:** Lincoln 5

**Preventative Care**

**CRK1:** Opportunities for Systematic Cognitive Screening Limited by Wide Variations in Penetration of Medicare-Funded Preventive Visits

**CRK2:** Barriers to Adequate Sleep Among Youth: A Mixed-Methods Text Message Survey

**CRK3:** Prevalence of Hyperlipidemia in Karen Refugees Upon Arrival to the United States

**CRK4:** Social Cohesion and Preconception Morbidity in a National Sample of Reproductive-Age Women

**Room:** Lincoln 6
1:45–2:45 pm

**Panel Discussion**
This presentation is 60 minutes.

**PD4:** Education on Race, Racism, Implicit Bias and Privilege: Perspectives Across Four Family Medicine Residency Programs  
*Room: Thurgood Marshall West*

1:45–2:45 pm

**Seminars**
Each presentation is 60 minutes.

**S66:** Initiating Marginalized Care in Family Medicine: Lessons Learned From Providing Abortion and Addiction Care at Three Residency Sites  
*Room: Virginia B*

**S67:** The Reflection Roadmap: Medical Humanities in Residency Education  
*Room: Virginia A*

**S68:** Curing HCV in the Medical Home: Lessons From Across the Nation’s Family Medicine Residency Programs  
*Room: Maryland B*

**S69:** A Comprehensive Approach to Opioid Prescribing and the Needs of Patients With Opioid Use Disorder by an Academic Department of Family Medicine  
*Room: Thurgood Marshall North*

**S72:** Outpatient Safety Rounds: Retooling the Morbidity and Mortality Conference and Your Medical Error Curriculum  
*Room: Maryland C*
S73: Achieving and Maintaining a 100% Pass Rate on the Initial ABFM Certification Exam  
Room: Marriott Balcony B

S74: Foundational Faculty Training: Using the STFM Residency Faculty Fundamentals Certificate Program  
Room: Thurgood Marshall East

2:45–3:30 pm

Refreshment Break—Visit With Poster Presenters and Conference Partners

Learn More About STFM Products & Services (STFM Exhibit) Topics: Avocacy Toolkit, STFM Collaboratives, and STFM Fellowships  
Room: Exhibit Hall B South and Convention Registration (Lobby level)

3:30–4:30 pm

Lecture-Discussions

Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

L62A: Teaching Community Health Assessment to 3rd Year Medical Students on a 9-Month LIC  
L62B: Un Paseo por Washington Heights: A Multifaceted Community Medicine Curriculum  
Room: Marriott Balcony B

L63A: Starting a Rural Suboxone Program: If You Build It, They Will Come  
L63B: Rural Speed-Dating: The Rural Extension Program, a Curricular Approach to Rural Family Medicine Training and Retention  
Room: Madison A
3:30–4:30 pm

**Lecture-Discussions cont.**
Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L64A:** What Can We Do to Improve the MATCH? Key Issues From the Student Perspective  
**L64B:** Innovation in Interviewing: New Efforts for Successful Recruitment and Match  
**Room:** Lincoln 6

**L65A:** Improving Reproductive Health Training: Partnering With a Community Clinic for Abortion Training in an Area With Few Providers  
**L65B:** Exploring Primary Care Physicians Attitudes Toward Abortion  
**Room:** Madison B

**L66A:** Alignment of Inpatient Family Medicine Service Curriculum With the Society of Hospital Medicine’s Core Competencies in Hospital Medicine  
**L66B:** Let’s Go Further! Interprofessional Education in a Family Medicine Residency  
**Room:** Lincoln 2

**L67A:** Starting the Conversation: Integrating a Social Justice Curriculum Into an Urban Residency Program  
**L67B:** Community Engagement for Health Equity and Trainee Well-Being: Lessons From Three Approaches  
**Room:** Lincoln 3
3:30–4:30 pm
**Completed Research Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**Resident Education**
**CRL1:** Family Medicine Resident Attitudes About Residency Training
**CRL2:** Barriers to Acquiring Minor Procedural Skills in Family Medicine Training at University of Toronto
**CRL3:** An Update of Oral Health Curricula in US Family Medicine Residency Programs: A National Survey
**CRL4:** Family Medicine Residency Characteristics are Associated With Graduating Residents Passing the American Board of Family Medicine Certification Examination
Room: Lincoln 5

3:30–4:30 pm
**Seminars**
Each presentation is 60 minutes.

**S75:** Residents and Faculty as Leaders: Assertiveness Development to Increase Confidence in Confrontation and Conflict Resolution
Room: Lincoln 4

**S76:** Campus-Community Partnership to Engage Older Adults in Participatory Health Education and Empowerment
Room: Virginia B

**S78:** Sculpting Pain: An Innovative Hands-On Approach to Teaching Complex Pain Care
Room: Delaware B
Tuesday, May 8

3:30–4:30 pm

**Seminars cont.**
Each presentation is 60 minutes.

**S79:** Addressing the Social Determinants of Health: A Health Center-Financial Opportunity Center Collaboration  
Room: Delaware A

**S80:** Personality Self-Awareness: A Tool to Build Resiliency in the Future Primary Care Workforce  
Room: Thurgood Marshall South

**S81:** Programmatic Approach to Competency-Based Assessment: The Canadian Experience  
Room: Maryland C

**S82:** The “Too Busy to Read” Paradox: Why a Humanities Curriculum in Residency Is Worth the Time Investment  
Room: McKinley

3:30–5 pm

**Workshops**
Each presentation is 90-minutes.

**W04:** Strategies and Tools for Teaching Patient-Centered Communication  
Room: Thurgood Marshall North

**W07:** Clinic First: What’s the Buzz? Four Programs Explore Why and How They’re Using This Vision to Transform Their Programs  
Room: Thurgood Marshall East
W08: Faculty Whispering: Reflecting With Early Graduates and Senior Family Medicine Leaders About Career Transitions  
Room: Thurgood Marshall North

W09: Who Wants to Be a Million Times Better With Game Presentations?  
Room: Maryland B

W10: Professional Development for the 21st Century: Mindset, Grit, and Self-Compassion  
Room: Maryland A

W11: “Do What?” Develop/Revise This Curriculum—You Can Do This, Come Learn How!  
Room: Thurgood Marshall West

W12: Learner Engagement Consult: Call IT-Interactive Teaching Methods in Family Medicine  
Room: Virginia A

6:15 pm

STFM “Family Photo” With the US Capitol Grant’s Memorial; West Capitol Lawn  
For more information check your mobile app.

8–9 pm

STFM Movie Night: Clinica de Migrantes  
Room: Thurgood Marshall West  
For more information check your mobile app.

9 pm–Midnight

Annual Spring Conference Dance Party  
Room: Marriott Ballroom
Wednesday, May 9
7–11 am
Conference Registration
Room: Convention Registration (Lobby level)

7:30–8 am
Coffee Service
Room: Convention Registration (Lobby level)

8–9:30 am
Workshops
Each presentation is 90-minutes.

**W05:** Developing Your Philosophy of Teaching: Why Does It Matter?
Room: Marriott Balcony A

**W13:** Dermoscopy for Skin Cancer Detection Using the Triage Amalgamated Dermoscopic Algorithm (TADA)
Room: Virginia C

**W15:** How to Build Research Skills With CERA: Using National Educational Surveys for Faculty and Resident Scholarly Activity
Room: Thurgood Marshall South

**W16:** Family Medicine: Our Responsibility to Be Leaders in Health Equity and Social Accountability
Room: Delaware B

**W17:** Gender Bias: Next Steps for Raising Awareness and Creating Change at Your Organization
Room: Maryland B
8:30–9:30 am

**Lecture-Discussions**

Each presentation is 30 minutes; two presentations are paired by common topic and presented consecutively.

**L68A:** Promoting Osteopathic Education in the Landscape of Unified Accreditation  
**L68B:** Incorporating Osteopathic Manipulative Therapy Into an ACGME Accredited Residency Program  
*Room: Lincoln 2*

**L69A:** Preparing Residents to Lead Effective Group Visits: Design and Implementation of a Skills Curriculum for Group Facilitation  
**L69B:** Training Physician Leaders: A Longitudinal Curriculum for the Future of Family Medicine  
*Room: Delaware A*

**L70A:** Implementation of a Residency Half-Day Educational Conference Using Kotter’s Model of Change  
**L70B:** Refining Controlled Chaos: Improving a Simulation-Based Medical Teaching Curriculum Through Specific Evaluation Strategies  
*Room: Virginia A*

**L71A:** A Quality Improvement Upgrade: Revamping the System at a Rural Teaching Health Center  
**L71B:** Walking Through Transitions: From Hospital to Skilled Nursing Facility to Home—a Formal Transition Continuum Curriculum  
*Room: Virginia B*
8:30–9:30 am

**Completed Research Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**Resident Education**

**CRM1:** Continuity in Community Medicine Training; Is it Time to Rethink the Block Rotation?

**CRM2:** Integrated Behavioral Health in Family Medicine Residency Training

**CRM3:** Awareness of Adverse Childhood Experiences: A WWAMI Network Resident Survey

**CRM4:** Parental Leave Policies and Practices of US Family Medicine Residency Programs: Results From a CERA Residency Directors’ Survey

**Room: Thurgood Marshall North**

**Chronic Disease**

**CRN1:** Choosing Appropriate Therapy for Patients With Uncontrolled Diabetes Mellitus: Considerations of Race and Ethnicity

**CRN2:** “Take a Deep Breath” RCT Study: Effect of Deep Breathing Exercises on Blood Pressure Reduction

**CRN3:** The Role of Vitamin B12 and Perceived Energy Level

**CRN4:** A Qualitative Examination of Health Beliefs Among Hispanic Patients With Prediabetes

**Room: Thurgood Marshall West**
8:30–9:15 am

**Completed Scholarly Projects**
Each presentation is 15 minutes. They are grouped by common topic and presented consecutively.

**CSD1:** Resident-Led QI: Improving Hospital Follow-Up  
**CSD3:** Innovative Utilization of Interprofessional Board Review in a Residency Curriculum  
**CSD4:** Using Technology in Patient Centered Medical Homes to Enhance Screening for Retinopathy and Colon Cancer  
**Room:** Thurgood Marshall East

8:30–9:30 am

**Seminars**
Each presentation is 60 minutes.

**S70:** Teaching Residents (and Reminding Faculty) to Identify and Resolve Conflict as Physician Leaders  
**Room:** McKinley

**S83:** Teaching for Brain-Based Learning: Evidence-Informed Teaching Strategies Designed to Enhance Learning  
**Room:** Lincoln 3

**S84:** Incorporation of Addiction Medicine Curriculum Into a Family Medicine Residency  
**Room:** Lincoln 4

**S85:** Moving From Colocation to Transdisciplinary Care: Development and Implementation of an Interprofessional Clinic in a Community Health Center  
**Room:** Madison B
**S86:** Improving Faculty Physician Communication in the Exam Room  
**Room:** Madison A

**S87:** Doctor, Patient, Computer: Best Practices for Teaching Learners the EMR  
**Room:** Maryland C

**S88:** Fostering a Culture of Resilience Among Residency Faculty Through Leadership and Faculty Development  
**Room:** Marriott Balcony B

**9:45–11 am**

STFM Presidential Recognition and Passing of the Gavel  
*Stephen Wilson, MD, MPH, STFM President and Beat Steiner, MD, MPH, STFM President-Elect*

**Closing General Session:**  
The AMA and STFM: Shaping the Future of Medical Education, the Health of the Public, and the Health Physician Practices  
*David Barbe, MD, MHA, President, American Medical Association*  
**Room:** Marriott Ballroom

**11 am**  
Conference Adjourns
STFM Collaboratives and Special Project Teams Meetings
Attend any meetings of the STFM Collaboratives and Special Project Teams to learn more about how you can get involved in our many STFM projects.

**Monday, May 7**

**7:15-8:15 am**  
Room: Marriott Ballroom

1. Abortion Training and Access Collaborative  
2. Faculty Development Collaborative  
3. Family Centered Maternity Care Collaborative  
4. Global Health Educators Collaborative  
5. Health Policy and Advocacy Special Project Team  
6. HIV and Viral Hepatitis Collaborative  
7. Interprofessional Educators in Family Medicine Collaborative  
8. Immunization Education Special Project Team  
9. LGBT Health Collaborative  
10. New Faculty in Family Medicine Collaborative  
11. Oral Health Collaborative  
12. Primary Care and Public Health Integration Collaborative

14. Questions Regarding Your Visits to Capitol Hill—Visit With The Experts  
15. Writing for *American Family Physician*  
16. HRSA PCTE Grantee  
17. Integrative Medicine
STFM Collaboratives and Special Project Teams
Meetings cont.

Monday, May 7

12:30–1:30 pm
(Boxed Lunches will be available in the Marriott Ballroom; Meetings are scheduled in rooms below.)

Abortion Training and Access Collaborative (Room: McKinley)
Addictions Collaborative (Room: Madison B)
Adolescent Health and Wellness Collaborative (Room: Lincoln 2)
Care of Infants and Children Collaborative (Room: Lincoln 3)
Ethics and Humanities Collaborative (Room: Thurgood Marshall North)
Evidence Based Medicine Collaborative (Room: Virginia A)
Faculty Development Collaborative (Room: Delaware B)
Family and Behavioral Health Collaborative (Room: Lincoln 5)
Family Centered Maternity Care Collaborative (Room: Lincoln 4)
Global Health Educators Collaborative (Room: Thurgood Marshall West)
Hospital Medicine and Procedural Training Collaborative (Room: Delaware A)
LGBT Health Collaborative (Room: Madison A)
Medical Education Best Practices Collaborative (Room: Marriott Balcony A)
Medical Student Education Collaborative (FM-PDN) (Room: Thurgood Marshall South)
Minority and Multicultural Health Collaborative (Room: Lincoln 6)
Musculoskeletal Education/Sports Medicine Special Project Team (Room: Marriott Balcony B)
New Faculty in Family Medicine Collaborative (Room: Maryland C)
Pharmacist Faculty Collaborative (Room: Maryland A)
Primary Care and Public Health Integration Collaborative (Room: Maryland B)
Rural Health Collaborative (Room: Virginia B)
Women in Family Medicine Collaborative (Room: Thurgood Marshall East)

**Tuesday, May 8**

**12:30–1:30 pm**
(Lunch on your own; Meetings are scheduled in rooms below.)

Abortion Training and Access Collaborative (Room: McKinley)
Family Centered Maternity Care Collaborative (Room: Lincoln 4)
Group Medical Visits Special Project Team (Room: Lincoln 3)
HIV and Viral Hepatitis Collaborative (Room: Madison A)
Medical Education Best Practices Collaborative (Room: Marriott Balcony A)
Minority and Multicultural Health Collaborative (Room: Lincoln 6)
Musculoskeletal Education/Sports Medicine Special Project Team (Room: Marriott Balcony B)
Persons and Physicians With Disabilities Collaborative (Room: Lincoln 2)
Primary Care and Public Health Integration Collaborative (Room: Maryland B)
Resident Wellness Special Project Team (Room: Lincoln 5)
Women in Family Medicine Collaborative (Room: Thurgood Marshall East)
Scholarly Topic Roundtable Presentations
Sunday, May 6

7:15–8:15 am
Room: Marriott Ballroom

**B001:** How Can We Promote Better Quality and More Frequent Feedback From Our Clerkship Preceptors?

**B002:** Family Medicine Obstetrics: Lessons Learned in Rural and Urban Settings

**B003:** The Feasibility of Wearable Fitness Trackers in Diabetic Group Visits

**B004:** AAFP to AARP: Academic Physicians Planning for Retirement and Beyond

**B005:** Engaging Methods for Teaching Health Policy

**B006:** Building a House Call Program in Your Residency to Achieve the Quadruple Aim

**B007:** New Physician Moms

**B008:** Motivational Interviewing With Public Policy-Makers

**B009:** Female Genital Circumcision Community-Centered Health Care and Prevention Project

**B010:** Development of Universal Family Medicine Faculty Milestones: A Collaborative Path to Greater Transparency in Faculty Competency

**B011:** What Happened to the Beloved ACOG Form? Overcoming the Technology Barrier to Provide Quality Prenatal Care

**B012:** The Enneagram as a Path to Better Faculty Resident Interactions

---

Advocacy Session
**Sunday, May 6 cont.**

**7:15–8:15 am**

**Room: Marriott Ballroom**

**B013:** A New 2-Week Osteopathic Manipulative Medicine Rotation for Osteopaths and Allopaths

**B014:** Creating a New Residency Telemedicine Curriculum: Pearls and Pitfalls

**B015:** Overcoming Barriers to Weight Stigma

B016: Nutritional Education for Medical Students: An Innovative Interprofessional and Culinary Curriculum

**B017:** Interprofessional Collaboration: Teaching and Practicing Chronic Care Management

**B018:** Toss the Feedback Sandwich! How to Provide Critical Feedback That Helps Learners Grow

**B019:** Mentoring and Advising Prehealth Students Traditionally Underrepresented in Health Care Professions

**B020:** Developing and Implementing an Opioid Educational Program

**B021:** I Will Remember That I Am a Member of Society

**B022:** You Get What You Give: Implementing a Resident-Faculty Feedback Loop on an Academic Family Medicine Inpatient Service

**B023:** An Integrated Care Model for Weight Management in a Family Medicine Residency

**B024:** Evidence-Based Reviews as Scholarly Activity

**B025:** Who Has a Case? Starting a Residency Based Balint Group for Resident Physicians

**Advocacy Session**
B026: The Procedural Competency Evaluation Process: Consensus and Consistency

B027: Just the FACCTs (Feedback, Acclimating to Faculty Life, Curriculum Design, Challenges, Time Management) for New FM Faculty

B028: Maximizing Both Continuity and Access in the Teaching Clinic: Having Your Cake and Eating It Too

B030: Lessons Learned in Developing a Community Oriented Group Prenatal Visit Program on a Shoestring

B031: Partnering With Your Community to Both Mentor Service and Provide High-Quality Patient Care Experiences for Your Residents

B032: How to Design and Run an Interprofessional Escape Room

B033: “Of Course, That Doesn’t Happen Here:” Exploring Experiences of Racism in Medical Education

B034: CARE for the Challenging Learner

B035: “You’re an Education Specialist, So...?”

B036: An Integrative Approach to Family Medicine Ethics

B037: Parental Leave During Residency Training

B038: Establishing Opioid Management Procedures in a Family Medicine Residency Program

B039: Reaching Milestones With Community-Based Service-Learning: Five Family Medicine Residency Programs Share Strategies, Successes, Challenges, and Lessons Learned From Implementation of the Stanford Youth Diabetes Coaches Program
Scholarly Topic Roundtable Presentations

Sunday, May 6 cont.

7:15–8:15 am
Room: Marriott Ballroom

**B040:** Establishing a Global Health Fellowship at a Family Medicine Residency

**B041:** Teaching Learners to Ask the Right Questions to Enhance Learning

**B042:** Establishing and Evaluating a Drug Screen Protocol in a Family Medicine Residency-Based Pain Clinic

**B043:** Ethical and Structural Challenges of Behavioral Health Screenings for Children and Adolescents

**B044:** Gender Bias in Medicine: What Your Patients, Peers, and Boss May Bring to the Table

**B045:** From Drab to Fab: A PowerPoint Makeover Using Seven Principles of Instructional Design Theory

**B046:** Improving Education and Efficiency in an Academic Residency Clinic

**B047:** Perceptions on Medication Compliance Among Family Medicine Residents

**B048:** Not Enough to Eat: A Physician’s Perspective on Bridging Food Insecurity

**B049:** Initiating Behavioral Health Cotraining and Integrated Primary Care

**B050:** Lessons on Using and Teaching Dermoscopy

**B051:** Health Equity and Residency Education: Our Challenges and Success in Growing a Curriculum and Culture of Equity

**B052:** CERA Survey Mentors: What Is My Role?
B053: Fostering White Allyship in Medicine: Activities to Promote Skills in Confronting Microaggressions

B054: FAQs: Finding Answers Quickly to Novel Patient Questions

B055: Residency Faculty Fundamentals Certificate Program: Perspectives From Faculty and the Chair

B056: Long-Acting Reversible Contraception (LARC) Methods: Identifying Evidence-Based Barriers and Potential Strategies to Increase Its Impact in Family Planning Service

B057: Ways to Provide a Rich Maternal and Child Health Experience for Family Medicine Residents

B058: Teaching the Faculty and FM Residents How to Increase FM Interests Among Third-and Fourth-Year Medical Students During Their FM Clerkship Rotation in a FM Residency Program

B059: The Error of Our Ways: Examining Patient Safety and Medical Error Disclosure Training in Medical Education

B060: Medical Students and Scholarly Activity Projects: Introducing Clinical Research and Quality Improvement to Third-Year Family Medicine Clerkship Students

B061: Funding a Pharmacist Within a Family Medicine Residency

B063: SBIRT Education in a Resident-Run, Patient-Centered Medical Home

B064: Should I Be Collaborating With a Preventive Medicine Residency? Finding the Way Forward

B065: Transitions From Residency to Faculty: How to Make the Transition Into Your New Role as Faculty and Find Your Niche
Sunday, May 6 cont.

7:15–8:15 am
Room: Marriott Ballroom

B129: A Lethal Combination: Prescribing Practices Related to Concomitant Opioid and Benzodiazepine Use

B130: Promoting Wellness: Curriculum Development Process

B131: Telehealth: Developing a Curriculum for Virtual Care Delivery

B132: “Meet Your STFM Program Committee: A Time for Q&A with Conference Leadership”

B111: Developing a National Rural Road Map for Action Using a Social Accountability Approach: Highlighting the Role of FM Education as a Critical Success Factor

Tuesday, May 8

7:15–8:15 am
Room: Marriott Ballroom

B062: Physician, Heal Thyself: Dealing With Substance Use Disorders in Medical Students

B067: Improving Child Maltreatment Diagnosis Among Family Medicine Residents and Physicians

B068: Teaching in Inpatient Medicine: Moving Beyond the “Noon Conference”
B069: Mentoring Cafe: Building Resilience: Tools for Underrepresented Minority Faculty to Thrive

B070: Learning While Lactating

B071: Complexity Care Curriculum: Model, Method, and Madness

B072: Help! How Do I Learn to Teach in Academic Medicine? Educational Resources, and Where to Find Them for New Faculty Members

B073: Four Leadership Training Strategies to Promote Resident Physician Well-being at the Individual, Team, Organizational, and National Level

B074: Including the “Patients and Community” in Population Health and Patient-Centered Medical Homes: Two Successful Models of Community Collaboration

B075: Behavior-Based Scoring Rubrics to Improve Residency Interviews

B076: The Happiness Project: A Residency Book Club

B077: Development of a Residency Assessment and Improvement Dashboard: Individualizing Your Process to Fit Your Program’s Needs

B078: Leading the Change: Implementing Social Accountability in the Education of Health Professionals

B079: Facilitation: An Invisible Skill in Successful Organizations

B080: Group Models of Care: Developing a New STFM Collaborative

B081: Incorporating the Population Health Assessment Tool (PHAsT) Into Your Practice and Curriculum

Family Medicine for America’s Health Session
Tuesday, May 8 cont.

7:15–8:15 am
Room: Marriott Ballroom

B082: Transitional Care Management: Involving Your Entire Team

B083: Currents: Using “Hot Topics” as Teaching Tools in Public Health Education in Medical School

B084: Harnessing the Power of Health Care Payment Reform to Improve Resident Education and Patient Care

B085: Menstrual Equity: Advocating for Our Patients

B086: Reflection Starter-Kit: Igniting the Power of Storytelling for Your Residents and the CCC

B088: Meeting the Needs of Our Community: Developing an LGBTQ Curriculum

B089: Screening for Social Determinants of Health and Adverse Childhood Experiences: Why and How You Can Start!

B090: “Activism Evening Group:” Supporting Political Activism and Advocacy During Residency

B091: Identifying Common Barriers for Cancer Screening Among Immigrant Arab Women and How to Overcome Them in the Family Medicine Residency Clinic

B092: Making Time to Nurture Physician Resiliency: Overcoming Barriers to Initiating Balint Seminars in Your Residency

B093: Patients as a Teaching Tool: Strategies for Incorporating Patient Feedback Into Your Practice

B094: So You Finished Residency...Now What?
B095: Opportunities and Lessons Learned From a Longitudinal Continuous Professional Development Course for Medical Students

B096: Incorporating Residents’ Perspectives on Burnout Prevention: Can We Give Them What They Want?

B097: Creating a Successful Interdisciplinary Quality Improvement Committee for a Family Medicine Clinic

B098: Experiences With Implementing Resident Balint Groups to Foster Relationship-Centered Care

B087: Rural Training Tracks in Family Medicine: Experiences From the Field

B099: DREAM TEAM: Diabetes a Treatment coRe Elements and Meaningful Outcomes in a TEAM Management Approach

B100: A Self-Directed Evidence-Based Pharmacotherapy Rotation in the Residency Curriculum

B101: Simple Strategies to Increase the Effectiveness of Critical Appraisal and EBM Mastery During Residency Journal Club

B102: Reinvigorating Journal Club

B103: Trials and Tribulations of Starting a Group Resident CQI Process

B104: The One-Minute Preceptor: Five Microskills of Precepting for One-on-One Teaching

B105: Practicing BEST Medicine: A Discussion on Resilience Training in Residency

B106: From Kindig to Coding: Enhancing Family Medicine Residency Education in Population Health
Tuesday, May 8 cont.

7:15–8:15 am
Room: Marriott Ballroom

**B107:** Beyond Machu Picchu

**B108:** Structured Scholarly Activities at a Community-Based Family Medicine Program: Utilizing Community Resources to Help Residents Explore Their Passions

**B109:** Chart Stimulated Recall: Use of a Modified CSR Tool in the Inpatient Longitudinal Nights Curriculum

**B110:** Milestones in Musculoskeletal Medicine: The Knee and Shoulder Exams

**B112:** Family Medicine Educators: The Secret Sauce in Nutrition-Related Health Care/Community Collaboration

**B113:** The Effective Integration of Behavioral Health Practicum Students in a Primary Care Residency Clinic

**B114:** Empowering Educational Evaluation: Using Design Thinking to Engage Residents and Faculty in the Annual Program Evaluation (APE)

**B115:** Mobilizing FPIN Membership to Encourage Faculty Scholarship: A Reproducible Model?

**B116:** Helping Part-Time Faculty Thrive: A New Chair’s Journey

**B117:** Peer Teaching in Women’s Health for Primary Care Physicians in a Community Health Center

**B118:** Team-Based, Behavioral Interviewing for Residency Admission
B119: Milestones in Musculoskeletal Medicine: The Ankle and Elbow Exams

B120: Discussion on Translating UME Entrustable Professional Activities Into PGY-1 Family Medicine Subcompetencies and Milestones

B121: Leveraging Lessons Learned Implementing Competency-Based FM Residency Training: What Can a Robust Program Evaluation Plan Do to Help You?

B122: Breaking Down Barriers: Teaching Residents to Utilize a Team-Based Approach and Transform Their Clinical Practice to Achieve the Quadruple Aim

B123: OB Review: More Than a Requirement

B124: Teaching Residents About Practice Management

B126: Prenatal Care Interests in Residents Training

B127: CERA Shark Tank: Pitch Your Survey Idea at Our Feeding Frenzy

B128: Collaborate With Google Docs: Bring Your Own Laptop

B133: Meet Your STFM Program Committee: A Time for Q&A With Conference Leadership

B029: Teaching Bedside Echocardiography to Medical Students by Family Medicine Faculty
Sunday, May 6

1:15–2:15 pm
Room: Exhibit Hall B South

Completed Research Posters

RP01: Interprofessional Education and Collaborative Practice in Residency: Pharmacy Residency Programs Embedded in Family Medicine Residency Programs

RP02: Postneonatal Infant Mortality and Firearm-Related Homicide: Correlated Indicators of Population Health

RP03: The Association Between Nut Consumption and Incident Depression

RP04: Is Formal Lecture Exposure to Practice Innovations Associated With Increased Use Among Family Medicine Residency Clinic Directors and Chief Residents?

RP05: Prevalence and Scope of Medical Assistant Documentation in Family Medicine Residency Clinics

RP07: Continuity of Care in Postgraduate Training: Context and Mechanisms to Enable Learning

RP08: Primary Care for Your Pearly Whites: A Systematic Review of Oral Health Curricula for Primary Care Clinicians

RP09: Care Model for Management of Medicare Patients With Congestive Heart Failure and Multiple Chronic Conditions

RP10: We Don’t Know What We Don’t Know: Demographic Characteristics of Patients Living With Hepatitis C in a Family Medicine Residency Practice
Sunday, May 6

1:15–2:15 pm
Room: Exhibit Hall B South

Completed Scholarly Project Posters

**SP01:** Initiating a Faculty Development Curriculum at a Community-Based Residency Program

**SP02:** Developing Interprofessional Practice Skills Through Wilderness Medicine Training

**SP03:** Aiming for the Triple Aim: Nurse-Driven Preprocedure Phone Calls Decrease No-Show Rates and Patient Anxiety in a Family Medicine Residency Clinic

**SP04:** Addressing Barriers to Contraceptive Care Access With the IMPLICIT Interconception Care Model

**SP05:** Evaluating the Efficacy of an Educational Symposium to Address Health Care Disparities Among the LGBTQ Population

**SP06:** Mandatory Rural Rotations Help Recruit and Train Family Physicians for Health Professional Shortage Areas in Arizona

**SP08:** Mapping Our Impact: University of Wisconsin Department of Family Medicine and Community Health Alumni Practice Location Mapping

**SP09:** Thinking Inside and Outside the Box: Resident Experiential Learning in Population Health

**SP10:** A Modest Proposal: Mandatory Reporting of Physician Public Service Hours

**SP11:** Safety and Outcomes of Manual Vacuum Aspiration Performed in the Family Medicine Setting
**SP12:** Looking Back at a Successful Community Family Medicine Resident Research Project: What Support Strategies Worked?

**SP13:** The Long-Term Impact of the FMLE on Undergraduate Medical Students’ Future Career Choice

**SP14:** Teaching the ABC’s of OTC’s

**SP15:** Adherence to the ACC/AHA Cholesterol Guidelines Among Patients Attending an Academic Family Practice Clinic

**SP16:** The Use of Drug Screen Tests in Pregnant Women

**SP17:** Medical Assistant Education Series in a Rural Family Medicine Center

**Developing Scholarly Project Posters**

**DP01:** Tackling the Opioid Crisis: Population Health Reports for Resident Management of Patients on Chronic Opioids

**DP02:** Applying a Community Organizing Model of Leadership to Improve Health Equity for Transgender Youth

**DP03:** Canceled

**DP04:** A Program to Help Residents Achieve Milestone Competency and Advocate for Community Health

**DP05:** Improving the Emotional Care for Adults with Intellectual and Developmental Disabilities by Adding a Musical Activity to a Medical Office Visit

**DP06:** Personal Learnings From Community-Engaged Research in Inner City Milwaukee

**DP07:** MR. FISCAL: The Effects of a Financial Education Curriculum on Family Medicine Residents’ and Fellows’ Financial Well-Being and Literacy
Sunday, May 6

1:15–2:15 pm
Room: Exhibit Hall B South

Developing Scholarly Project Posters cont.

DP08: Advancement of Women Faculty in Penn State Hershey’s Family Medicine Department

DP09: Making Education Intentional: Development of a Focused Curricular Path to Ensure Mastery of Foundation Medical Concepts and Skills

DP10: Creation of an STFM Collaborative

DP11: Fruit and Veggie Prescription Program: Addressing Food Insecurity Through a Primary Care Clinic-Based Healthy Food Access Program

DP12: Promoting Scholarship in Undergraduate Medical Education: Leveraging Limited Resources to Good Effect

DP13: The Growing Role of Nonphysician Providers in Community Health Centers

DP14: FINO: Family Medicine INnovative Obstetrics Program

DP15: Developing a QI Infrastructure for Prenatal Care Delivery at an FQHC

DP16: Early ChopChop-ing of Fruits and Vegetables Increases Consumption Amongst Children

DP17: Creating a Primary Care Pathway to Bolster Workforce Capacity

DP18: Examining Crosscultural Differences of Pain Management of Laboring Women in an Urban Community Hospital
DP19: Empowering Physicians With Skills in Promoting Health Behavior Change

DP20: Implementation and Impact of Group Medical Visits for Spanish-Speaking Diabetic Patients in an Urban Underserved Community

DP21: Improving CCC Efficiency: On a Scale of 1 to 5, How Awful Are Your Evaluations?

DP22: Investigating Depression Management Using the Electronic Medical Record in an Ambulatory Care Setting

DP23: Cultivating Residents as Dynamic Student Teachers: Moving Beyond See One, Do One, Teach One

DP24: Where Are Your Hot Spots? Using a Clinic’s ED Utilization Data to Map High Utilizing Zip Codes and Neighborhoods

DP25: Canceled

DP26: A 4-Week Residency Preparation Course: “Boot Camp” Description and Early Outcomes

DP27: An Equation for Learning and Intervention: F +DM+C-GM

DP28: Tiered Board Prep Program Showing Positive Initial Results

DP29: Envisioning Social Justice: Efforts of a Residency Work Group to Promote Equity, Diversity, and Inclusion

DP30: Exercise With Your Doctor

DP31: An Interventional Curriculum for Residents With “At-Risk” In-Training Exam Scores: Pilot Study and Early Results

DP32: Visualizing Primary Care Access in Virginia to Improve State Workforce Planning
Sunday, May 6

1:15–2:15 pm
Room: Exhibit Hall B South

Fellows, Residents, or Students Research Works-in-Progress Posters

**FP001:** Evaluation of an International Peer Partnership Program for Research Capacity Building Amongst Family Medicine Specialty Training Program Registrars in Lesotho

**FP002:** Understanding Loneliness in Primary Care

**FP003:** Determining Practical Opportunities for Healthy Diet and Physical Activity in Adult Patients With Obesity

**FP005:** “Baby Wants Tacos:” Analysis of Health-Related Facebook Posts From Young Pregnant Women

**FP006:** Evaluation of a Homeless Primary Care Clinic Pilot Shared Medical Appointment for Alcohol Use Disorder

**FP007:** Do Patients Disclose Their Use of Complementary and Integrative Health to Their Providers? A Description of Use and Attitudes

**FP008:** Dramatically Increasing Youth (DIY) Immunization Against HPV and Influenza

**FP009:** Education About Fertility Awareness-Based Methods (FABMs) of Family Planning in Family Medicine Residencies

**FP010:** Ensuring Posthospitalization Transitional Care Visits to Improve Patient and Population Health

**FP011:** Evaluating the Effects of a New Hospital-Based, Faculty- and Resident-Run Observation Unit at a Large Academic Hospital
FP012: Knowledge and Training Experiences Among Family Medicine Residents and Residency Faculty With Postplacental Intrauterine Device Placement

FP013: Adolescent Views on Prescription and Nonprescription Opioid Use: Findings From a Longitudinal Mixed-Methods Study

FP014: Evaluating the Efficacy of a Longitudinal Sports Medicine Track During Residency

FP015: Does Participation in Healthy Steps Increase Adherence to Well Child Visits and Immunizations?

FP016: Defining Population Health: Unifying Themes and Goals for Residency Education

FP017: A Need for Formal Advocacy Curricula in Family Medicine Residencies: A CERA Study

FP018: Effectiveness of a Smartphone App for Guiding Pediatric ADHD Medication Selection

FP019: Prevalence of Prediabetes in Women With Polycystic Ovarian Syndrome (PCOS)

FP020: Reducing Hospital Utilization Through Implementation of a Comprehensive COPD Clinic

FP021: Sports Participation to Improve Health: A National Survey of Youth Ages 14-24

FP022: The Association Between Intrauterine Devices (IUDs) and Vaginal Discharge Diagnoses: A Retrospective Chart Review
Sunday, May 6

1:15–2:15 pm
Room: Exhibit Hall B South

Fellows, Residents, or Students Research Works-in-Progress Posters cont.

FP023: DOAC and Forget It? Necessity of Direct Oral Anticoagulant Monitoring Services in Family Medicine Health Centers

FP024: Identifying Opportunities to Improve Domestic Violence Screening in a Primary Care System

FP025: Impact of a Patient-Centered Medical Home Level 3 Certification on Glycemic Control in Known Adult Diabetics

FP026: Identifying Psychosocial Barriers to Behavioral Activation in Seniors With Depression

FP027: DM✔: Diabetes Education and Its Impact on Patient Knowledge of Diabetes

FP028: Identifying Predictors for Patients Who Are Discharged Against Medical Advice

FP029: Does the Common Practice of Rescreening Asymptomatic Pregnant Women at 24 to 28 Weeks Gestation Actually Detect New Cases of Anemia?

FP030: Eat Your Peas and Prunes: A Pediatric Nutrition Curriculum for a Family Medicine Residency Program

FP031: The Impact of Reducing Financial Barriers to Contraception on Teen Pregnancy Rates: A Scoping Review

FP032: Optimization of OMT Outcomes With Integrated PT

FP033: Risk of Chlamydia Infections Among Adolescent Long-Acting Reversible Contraceptive (LARC) Users in New York City School-Based Health Centers (SBHCs)
FP034: Effect of Wearable Technology on Patient-Physician Interaction in a Family Medicine Clinic: A Pilot Study

FP035: Identifying Best Practices for Nurturing Effective Scribe-Physician Partnerships

FP036: Attributed Risk Score in Population Management: A Comparison of Resident Physicians vs Faculty Physicians in Diabetes Coding

FP037: YouTube as a Source of Patient Experience Information for the Contraceptive Implant

FP038: Impact of Title X Family Planning Initiatives on Adolescent Sexual Health Outcomes in Rhode Island

FP039: Narcotic Use in Chronic Noncancer Pain in a Family Medicine Residency Clinic

FP040: Lessons Learned From Implementing a Weight Management Program in a Patient-Centered Medical Home Based on USPSTF Recommendations

FP041: Rates of Obesity Diagnosis and Initiation of Appropriate Intervention for Adult Patients in the Primary Care Setting

FP042: Quality of Diabetic Care Provided in the Morehouse Family Medicine Residents Clinic

FP043: Improving Continuity of Care in a Family Medicine Residency FQHC Clinic

FP044: Middle and High School Nurses’ Experiences With and Approaches to Contraceptive Counseling

FP045: Implementing an Abdominal Aortic Aneurysm Screening Protocol in a Family Medicine Residency Clinic
Sunday, May 6

1:15–2:15 pm
Room: Exhibit Hall B South

Fellows, Residents, or Students Research Works-in-Progress Posters cont.

FP046: Video Interprofessional Interrater Reliability Study

FP047: Improving Adolescent Care Through Standardized Confidential Risk Screening at Well Visits

FP048: The Effect of GuideMed—an Office-Based Prescription Monitoring Program—on Opioid Prescribing Patterns in a South Carolina Community-Based Family Medicine Clinic

FP049: Trends in Benzodiazepine Prescribing in the United States from 2005 to 2015

FP050: Improving Diabetic Retinal Screening at an Academic Family Medicine Practice: A Longitudinal Project to Improve Patient Care and Resident Education

FP051: Empiric Treatment for Urinary Tract Infections at Hinsdale Family Medicine Clinic

FP052: Improving HIV Screening of Adolescents at a Federally Qualified Health Center (FQHC) and a School-Based Health Center (SBHC) in San Diego, CA

FP053: Inpatient Naloxone Distribution at a Large Urban Academic Medical Center

FP054: Improving Chlamydia Screening

FP055: Discussing Childhood Overweight and Obesity: A Provider’s Perspective

FP056: Abdominal Aortic Aneurysm Screening in Male Smokers Age 65-75: Quality Improvement
FP057: Tobacco Cessation Counseling QI: Developing Electronic Health Record Tools to Improve Patient Care

FP058: Capturing of Medical Marijuana Use in the Primary Care Setting

FP059: Teaching Residents Motivational Interviewing Skills to Improve Lifestyle Intervention Confidence

FP060: Using Community Health Workers and a Mobile Health Tool to Improve Diabetes Care in Rural Guatemala

Monday, May 7

10–11 am
Room: Exhibit Hall B South

Completed Research Posters

RP11: Improving Child Maltreatment Diagnosis Among Family Medicine Residents and Physicians

RP13: Physicians Perceive Physician Assistants to be Competent Health Care Providers in Kentucky

RP14: A Multimethods Evaluation of a New Community-Based Family Medicine Residency Program at the University of Toronto

RP15: Using a Quality Improvement Project to Teach Motivational Interviewing Skills

RP16: Team-Based Resident Evaluation and Feedback in a Patient-Centered Medical Home: Development and Implementation of a Milestone-Based, 360-Degree Evaluation Tool
Monday, May 7

10–11 am
Room: Exhibit Hall B South

Completed Research Posters cont.

RP17: Evaluating a New Model of Rural Clinical Medical Education in Africa

RP18: Changing Trends in Residents-as-Teachers Across Graduate Medical Education

RP19: Filling the Gap: Resident Reflections on Opt-Out Abortion Training and Postresidency Intentions to Provide

RP20: EHR Overtime: An Analysis of Time Spent in the EHR by Family Medicine Residents

Completed Scholarly Project Posters

SP18: Interprofessional Practice in Rural Communities: Educational Insights

SP19: Impact of Ambulatory Care Clinical Pharmacists in a Family Medicine Residency Program

SP20: A Biopsychosocial Perspective on Burnout: A Snapshot of the Medical Resident Experience

SP21: Follow-up of an Intervention to Reduce Unnecessary Emergency Department Visits in a Family Medicine Clinic

SP22: The Physician’s Role in Interprofessional Care: First-Year Medical Students’ Perceptions

SP23: Noon Conference Revitalization Using a Champion Team
SP24: Forming a Community of Practice in a Primary Care Clinic for Knowledge Translation of the 2013 ACC/AHA Guidelines on Cholesterol Management

SP25: Adverse Childhood Experiences: A Quality Improvement Initiative to Implement ACE Screening in Primary Care Residency Clinics

SP26: “Doctor! I’m Hearing and Seeing Things!”—What Is Your Differential?

SP27: Oh the Places You’ll Go—Family Physicians and Short-term International Medical Service Trips

SP28: The Goal-Oriented Assessment of Learning: An Individualized Learning Plan and Self-assessment Tool for Residents

SP29: OB TEACH Cards: A Curricular Tool for Inpatient Obstetrics Rotations and EBM SKills

SP30: Say What? Speaking Plain Language in Patient Encounters

SP31: How Am I Doing? Discussion of a New Process for Eliciting Meaningful Feedback for Family Medicine Preceptors

SP32: Quality Improvement Study: Increasing the Knowledge about LARC Among Health Care Providers

SP33: Having Our Lunch and Eating it Too: Implementation of Half-Day Didactic Within a Noon Conference Didactic Schedule
Monday, May 7

10–11 am
Room: Exhibit Hall B South

Developing Scholarly Project Posters

**DP33:** Improving Resident Rapid Response Training Using SimMan

**DP34:** Observation of Nurse Practitioners Using a Portable Toolkit in Long-Term Care Facilities

**DP35:** Preparing and Assessing the Readiness of Residents to Enter Osteopathically Recognized Training

**DP36:** Partnering With Patients in the Selection of Resident Applicants

**Conference Presentations**
Presenters, abstracts, and learning objectives for all presentations are located in the conference Mobile App or online at www.stfm.org/annual. To download the app search “STFM” in your app store.

**Conference Hotel**
Marriott Wardman Park
2660 Woodley Rd NW Washington, DC 20008
Hotel Phone: 202.328.2000

**Ground/Shuttle Transportation**
For complete information on various forms of ground and metro transportation from all Washington, DC area airports, visit: www.washington.org/DC-guide-to/washington-dc-airports

**Super Shuttle** is extending a discounted rate to STFM attendees: $2 off one-way or $5 off round-trip.

For special reservation questions call 1-800 BLUE VAN (800-258-3826) or customer service, available 24/7. Note, phone reservations will incur a $3 call center administrative fee.

**Photo/Video Permission**
We will be taking photos and video throughout this conference. By attending, you give STFM permission to use images taken at the conference in any electronic or printed communications by STFM for any advertising and promotional purposes. You agree to release STFM and their employees, agents, and designees from liability for any violation of any personal or proprietary right you may have in connection with such use.
General Information

**Continuing Medical Education**
This Live activity, 51st STFM Annual Spring Conference, with a beginning date of 05/05/2018, has been reviewed and is acceptable for up to 20.00 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Please note that CME credit was not awarded to the poster sessions, and PP1: STFM Poetry and Prose Workshop, S06: How to Write an Op-Ed, W02: Sweet Mindfulness-A Chocolate Tasting, S33: Reviewing Articles for Scholarly Journals, L57A: How to Make a Medical iPhone App, B007: New Physician Moms.

**AMA/AAFP Equivalency:**
AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s)™ toward the AMA Physician’s Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1. CME activities approved for AAFP credit are recognized by the AOA as equivalent to AOA Category 2 credit. AAFP Prescribed credit is accepted by the following organizations. Please contact them directly about how you should report the credit you have earned.

American Academy of Physician Assistants (AAPA); National Commission on Certification of Physician Assistants (NCCPA); American Nurses Credentialing Center (ANCC); American Association of Nurse Practitioners (AANP); American Academy of Nurse Practitioners Certification Program (AANPCP); American Association of Medical Assistants (AAMA); American Board of Family Medicine (ABFM); American Board of Emergency Medicine (ABEM); American Board of Preventative Medicine (ABPM); American Board of Urology (ABU).

**CEU Credits**
Behavioral Science Professionals attending this year’s conference may request a “tracking form” and instructions at the STFM Registration Desk to track educational sessions they attend that may qualify for CEU credit with their independent state licensing boards. Additional session information sometimes required by state licensing boards will be available online at www.stfm.org/annual.
Registration Refund Policy
If a registrant cannot attend a conference for personal or work reasons, requests for refunds must be received in writing by STFM by April 6 to receive a 50% registration fee refund. No refunds will be issued after April 6 except for those emergencies addressed below. Refund requests due to medical or weather emergencies at time of conference may be eligible for a 50% refund. If registrant is unable to attend because of a weather emergency, registrant must show that they attempted to reschedule their travel arrangements but could not get to the conference during the official conference dates. In the event of such cancellation request by a conference registrant, the registrant must provide STFM with official documentation to support their request. In the unlikely and extreme event that STFM is forced to cancel a conference, STFM is not responsible for fees or penalties that conference registrants may incur for non-refundable airline tickets or hotel deposits.

STFM Foundation Marathonaki Fun Run/Walk
Tuesday, May 8, 6:15 am
Socialize with colleagues, get some exercise, and raise money for the STFM Foundation at the STFM Foundation Marathonaki Fun Run/Walk. We are suggesting a $50 tax deductible donation, however, you are not required to donate to participate. All walkers and runners will receive a commemorative t-shirt (while supplies last)! Virtual Walker: If you can’t walk/run, you can still be a part of the STFM Foundation Marathonaki Fun Run/Walk by signing up to be a Virtual Walker. A US map will highlight our Virtual Walkers. Each pushpin will be interactive and show your name and city. A monitor will display this map at the Foundation table. We are suggesting a $50 donation to participate. To sign up, go to www.stfm.org/foundation/donate. View the online map at http://virtualwalker.stfm.org. Check the online map 24 hours after making your donation and your push-pin will be on the map.

Need More Information or Have Questions?
Please visit with staff at the STFM Registration Desk located at the Convention Registration Desk (lobby level).
